

## CLUBHOUSE GOAL OF CLERKS' UNION

Growing Membership Calls  
for Headquarters, Commit-  
tee Workers Declare.

Plans for a clubhouse for Federal Employees' Union, No. 2, are being considered, following the close of "membership week" last night and the beginning of an indefinite membership campaign.

"Our increasing membership makes more necessary than ever a central headquarters of our own to house the executive offices and in which to have good meeting hall," said President William J. Hendricks.

"Our central headquarters must include a clubhouse for recreation and social purposes for our members," said S. L. Grosh of the Agriculture Department, a member of the central membership committee.

Recreation for women. Clubrooms, a tea room and recreational facilities for women in the headquarters are features of the clubhouse plans, which commend themselves strongly to the women members of the union, according to Miss Roberta L. Lindner, a member of the central membership committee, who is president of the Treasury branch of local No. 2.

Dr. Daniel Folkmar of the census bureau, president of the Commerce Department branch of Federal Employees' Union, No. 2, also a member of the central membership committee, joins in the demand for a clubhouse and headquarters of the union's own.

David R. Glass of the Public Health Service, member of the central membership committee and secretary of the scientific and technical section of Federal Employees' Union No. 2, is working on a plan not only to increase membership but also to extend the campaign into all of the field branches of the Public Health Service and other technical services in co-operation with the field locals, to whose benefit this would accrue. As chairman of the finance committee, Mr. Glass is working out a budget system for the local.

Square Deal the Aim.

The activities of Federal Employees' Union No. 2, as broadly described by President Hendricks, are to secure 100 per cent efficiency in the government service and 100 per cent square deal for the employees by co-operative methods and reciprocal confidence between employees and executives. The activities by means of which these purposes are to be achieved are grouped under three general headings: (1) adjustment of grievances through conferences between committees of employees and executives; (2) legislation, especially co-operation with the legislative committee of the National Federation of Federal Employees in support of the Sterling Lehigh reclassification bill; (3) co-operation with other organizations, especially labor organizations, with which the union is affiliated, and with other organized groups of men and women interested in the public welfare and efficient public service.

GOVERNMENT ANSWERS

FIGHT ON SUFFRAGE

Dismissal of Appeal Attacking  
Amendment Giving Women Votes  
Is Asked of Court.

The appeal brought by Charles S. Fairchild of New York from an adverse decision of the courts of the District, in his effort to compel the Secretary of State to withdraw the proclamation announcing the ratification of the amendment to prevent the Attorney General from enforcing it, should be dismissed, according to a brief filed by the government in the Supreme Court, replying to one of two cases pending there challenging the constitutionality of the woman suffrage amendment.

Withdrawal of the proclamation would have no effect upon the validity of the amendment, the government declared, as it is dependent upon its ratification by the requisite number of states and upon any action the Secretary of State may take.

The government also asserts that the case presents only moot questions, and that the plaintiff and members of the American Constitution League, for whom he acts, while inspired by a fine spirit and patriotic motives, have not sufficient personal interest to warrant them in bringing the suit. The claim is made by the government that the case in effect is merely an attempt to bring the court an opinion as to whether the amendment is constitutional.

I. C. C. EMPLOYEE DEAD.

Daniel Wood Expires After Many  
Years' Service.

Daniel Wood, for many years an employee of the Interstate Commerce Commission, died in his apartment, 5 Rhode Island avenue, northwest, Thursday. Mr. Wood was born in New York city on April 25, 1861. He moved to Washington in 1888, and January 25 of that year, was appointed clerk to Commissioner Spoonmaker, shortly after the death of the commission, being the eighteenth employee appointed to that body. He was soon transferred to the division of tariffs as secretary to Auditor C. C. McCall. Later he was assigned to the work of editing tariff memoranda, and becoming an expert in that line of work and which position he held until the time of his death. Funeral services were held at 3 o'clock yesterday afternoon.

LIFE INTEREST IN ESTATE.

Mrs. Roberts Leaves Property to  
Her Husband.

The will of Mrs. Maggie E. Roberts, dated January 3, 1922, has been filed for probate. She leaves her husband, Thomas J. Roberts, a life interest in premises 641 G. I. street, together with certain household effects. At his death the house is devised to Guy E. Roberts, who has been reared from infancy, and at the latter's death the property is to descend to his daughter, Maggie S. Roberts. Specific bequest of household furniture are made to friends and Guy E. Roberts is given an automobile. All money of the deceased is given to Margaret A. Webb. The remaining estate is devised to the executor, Myrtle E. Campbell, to dispose of as she sees fit.

D. C. ROPER, JR., RESIGNS

Secretary to Rent Commission to  
Enter Realty Business.

Daniel C. Roper, Jr., who has been secretary of the rent commission since its organization, resigned yesterday, and Waldo E. Chapman was appointed to fill the vacancy. Mr. Roper is engaged in the real estate business here.

He has, through his work as secretary to the commission, devoted continuous attention for two years to the study of the rent law and the study of real estate values.

TALK OF SCHOOL ACTIVITIES.

Schools, playgrounds and activities in connection with both were discussed before members of the National Park Citizens' Association and the Parent-Teacher Association of the Treasury School at a joint meeting of the organizations, held Friday night, by Maj. Cary Brown, assistant engineer commissionaire, and Mr. Rhodes, superintendent of municipal playgrounds. The needs of a casualty hospital were also presented to the meeting.
